

### Specifications

Model: ENC4X1

Color: Light Gray (RAL7035)

Material: 0.059" / 1.5 mm Carbon steel

Coating: Epoxy polyester powder coating

Mounting Plate: 0.079" / 2 mm Detachable galvanized backplate

IP Rating: Designed to meet IP66 and NEMA 4X

Connection Type: Hinged

Feature: Lockable, Waterproof

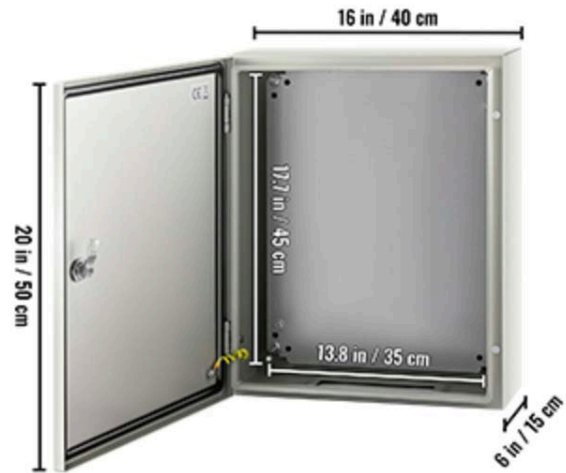

Galvanized Backplate Dimensions: 17.7" x 13.8"

Outer Dimensions (H x W x D): 20" x 16" x 6"

Inner Dimensions (H x W x D): 19.6" x 15.6" x 4.6"

Product Weight: 26.68 lbs / 12.1 kg

Certification: CE / ROHS Certification

#### Included:

1 x Electrical Box

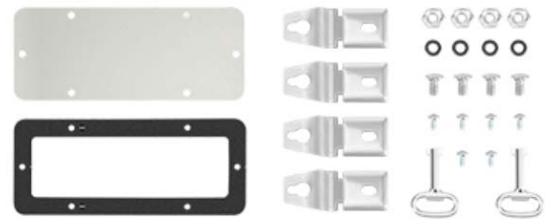

2 x Keys

1 x Mounting Plate

1 x Set of Wall Mounts

1 x Bottom Sealing Plate

- Sturdy Steel Construction
- IP66 Waterproof Grade
- Reinforced Lock & Hinge
- Convenient Operation
- Exquisite Details Design

### PREMIUM STEEL MATERIAL

#### Premium Steel Material

The electrical box is made of 0.059"/1.5 mm cold-rolled steel, features high toughness, pressure resistance, and rust resistance. The shell is made of epoxy polyester powder coating, which has good mechanical and leveling properties.

### IP66 PROTECTION LEVEL

#### IP66 Protection Level

The IP66 protection level means dustproof and protected from moisture, water, rain, snow, oil, etc., to protect internal electrical appliances and keep all your electrical equipment safe and dry.

### HINGE AND LOCK SECURITY

#### Hinge and Lock Security

The inner lock core is made of metal to prevent damage caused by excessive force or unauthorized opening; the reinforced hinge ensures that repeated opening and closing will not be damaged.
