

GO FOR THE GOLD WITH VESTA INVERTERS

Power your emergency lighting sales with Beghelli's gold-medal line-up of low to mid-power inverters, from 20W to 1150W, as well as high capacities up to 50kW. Beghelli's VESTA inverters power LED, fluorescent, incandescent and induction lighting loads at full output with clean, 60 Hz sinusoidal emergency power for a minimum of 90 minutes per UL 924. All low to mid-power inverters are designed for fast and easy wall mounting.

***Enjoy free ground shipping and an extra 10% commission on VESTA orders through March 31. Use code A10 when placing your orders.**

VESTA MICRO

- 20W to 55W capacities
- 120V or 277V input, 60 Hz
- 120V or 277V output, 60 Hz
- Options: autotest, custom color, Title 20, recessed mount, remote test switch, t-bar plenum rated

Available Models:

VST M 20W, VST M 32W, VST M 35W, VST M 55W

VESTA MINI

- 55W to 220W capacities
- 120V or 277V input, 60 Hz
- 120V or 277V output, 60 Hz
- Options: autotest, 4 output circuit switching, adjustable output/ dimmer bypass, custom color, Title 20, recessed mount, t-bar plenum rated

Available Models:

VST 55W/125VA/24VDC, VST110W/125VA/24VDC, VST 110W/125VA/48VDC, VST220W/250VA/24VDC

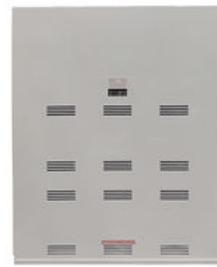

VESTA MAX

- 375W & 600W capacities
- 120V or 277V input, 60 Hz
- 120V or 277V output, 60 Hz
- Title 20 compliant standard
- Options: autotest, 4 output circuit switching, adjustable output/ dimmer bypass, custom color, input breaker, 1-2 output breakers

Available Models:

VST MAX 375W, VST MAX 600W

VESTA PRO MAX

- 750W, 950W & 1150W capacities
- 120V or 277V input, 60 Hz
- 120V or 277V output, 60 Hz
- Title 20 compliant standard
- Options: autotest, 4 output circuit switching, adjustable output/ dimmer bypass, custom color, input breaker, 1-6 output breakers (6 total ICB/ OCB breakers)
